

Site | Texas

July 7, 2011

Dear Site members and non-members,

Site Texas recently raised \$500 at our Spring Leadership Summit and presented it to [North Texas Food Bank](#) (NTFB) in support of their corporate [Serving-U](#) program. NTFB is a non-profit hunger relief organization that distributes donated, purchased, and prepared foods through a network of feeding programs in 13 North Texas Counties. The Serving-U program connects corporate social responsibility (CSR) initiatives with the local food bank's volunteer needs. NTFB is part of the national Feeding America hunger relief organization. So, there is probably a sister agency in your area!

Site Texas has partnered with NTFB and will host a September event at the food bank with an opportunity to experience the Serving-U program for your team, or your client's.

We are planning that event and hope that you will save the date, September 8, 2011, Dallas, TX, and join us for a unique and fulfilling experience—Corporate Teambuilding for the greater good!

If you are hosting an event in the Dallas area and looking for a CSR opportunity, we hope that you will consider the great folks at NTFB.

Enjoy your summer and see you at an upcoming event,

Jonathan Richards

Site Texas Chapter President
